

Outreach Efforts

This station strives for broad and inclusive outreach. WTVY has a robust internship program that provides a meaningful education and work experience for college students interested in careers in broadcasting. WTVY also has an active presence at several local job fairs where its managers discuss career opportunities in general and specific job openings at the station with job seekers. For additional information concerning the outreach efforts undertaken by this SEU, please see the attached EEO Public File Reports.

During the two-year period covered by this Broadcast Equal Employment Opportunity Program Report, the station has not experienced any significant difficulties in our outreach efforts.
